

make your own

Tin Ornament

you will need:

- Foil tray
(like you get in a takeaway)
 - Large spoon & pen/pencil
 - Sturdy Scissors
 - Permanent markers
-

1. Take your foil takeaway tray and flatten out with the back of a spoon. You'll need to press hard and do this for a while.

2. Tape your design to the foil and trace it with a pen or pencil. Press hard but don't tear through your foil. Trace a second line inside your design.

3. Colour in with permanent markers - use a number of bright colours to build different effects.

4. Ask an adult for help to cut around the shape you've made and to carefully use a pencil to poke a hole and attach string to hang.

Be VERY careful as edges will be sharp!
