We need your help to keep the magic of theatre alive in Plymouth!

Without your support and your donation, we couldn't continue the wonderful work that we do for our community through our regular workshops. These workshops have been running throughout the pandemic and have been a real lifeline to many vulnerable people.

We understand that this is a difficult time for everyone, but if you can please make a donation to TRP today, we'll be here for you once this is all over. A donation, of any size, will be gratefully received and will help to ensure our financial stability.

To donate please visit: theatroyal.com/donate

Thank you from the staff, artists and practitioners of Theatre Royal Plymouth
